BIG CROWD WITNESS A FINE CARD OF EVENTS LAST NIGHT AT THE AIRDOME

Fight fans had a run for their money at the Airdome last night when every seat in the house was filled by an eager, excited crowd bent on reviving the old game of the ring. The management was excellent and promptly at the hour advertised the gong called the men to the center of the ring for the first preliminary. This was at nine o'clock and from that time to eleven there was not a dull moment. In the main event Solly Salvatore had it all over Danny Mathews, who did not appear in his usual form. The men weighed in at 133 pounds at 7 o'clock. In the first round Danny drew blood with a tap on the nose but the next round was even. Feinting and sparring occupied the next three rounds, but in the fourth Solly opened his batteries with four stiff punches to the head which appeared to have the effect of waking up the Goldfield man, who rallied in the sixth and seventh and made a strong showing. From this on the Sacramento boy rushed the fighting and Mathews began bleeding from the nose and received a severe cut over the left eye which bled profusely. The tenth round was decisive, Salvatore pounding away and landing wherever he chose. The damaged optic was closed with a series of hard shots and Salvatore kept hammering away with the right to the face without a second's respite, forcing his adversary to the ropes and driving him about the ring. The cut over the left eye was extended down the side of the face and when the gong sounded Mathews was scarcely able to stand up. There was no need for the referee to declare the result, which was so palpable that the Goldfield men admitted that they were on the losing side. The preliminaries were lively and interesting. Just enough to keep the spectators up to a high pitch for the main event. The first was between Buck O'Brien of Reno and Chaiky Miller, the local favorite and a clever exhibition was decided for Chaiky. Dupont, of Goldfield, appeared with Kid Dale, of Bakersfield in place of Phil Salvatore, who was suffering with a crippled hand, and for six rounds the audience yelled its approval of a very classy fight that ended in a clean knockout by which Dale took the count. Dupont apparently aged up his opponent during the first round and then he proceeded to deliver his bunches of five in such telling fashion that Dale began going. The latter tried to come back in the third, but the slugging was too fierce and he found he was no match for the Goldfield boy who knocked him all round the ring until the gong ended the punishment. Mike Geary proved an acceptable referee and his decisions were applauded.

CROSSCUTTING ON MANHATTAN CON.

The deep crosscut run in a northeasterly direction from the station on the 312 level of the Manhattan Consolidated is out 40 feet with a change coming in that may mean the proximity of the big ledge which was estimated would be cut at about this distance from the station. The crosscut was driven through hard lime shale and the change is bringing in quartz and lime shale which is believed to be the hanging wall of the ledge. A little water is also showing. The company is working three shifts under direction of Mark Page.

BEES SUPPLY DEFICIENCY IN SWEETS FOR ENGLAND

(By Associated Press.) LONDON, May 16.—England is experiencing a bee-keeping boom. Many persons are keeping bees in order to save sugar by substituting home-produced honey. At present the demand is so great that there are no more hives available and dealers are at their wits ends to meet requirements.

AMAGAMATED MILL OF MANHATTAN NOW RUNNING

The Amalgamated mill is now running on ore taken from the strike reported last week. The ore maintains its value and the supply is sufficient to keep the mill employed for many months without further development in the mine.

MEXICANS RETURN HOME

(By Associated Press.) EL PASO, Texas, May 16.—Peace in Mexico and the newly imposed head tax of \$8 plus the literacy test required of all aliens at the port here, have combined to cause a serious shortage in the supply of Mexican labor for the railroads, farms and factories of the southwest.

KNIGHTS OF COLUMBUS HOLD INITIATION

MAJOR DEGREES TO BE CONFERRED AT THE HOME OF ORDER ON SUNDAY

Tonopah Council, No. 1160, Knights of Columbus will be the host of the entire order of Nevada next Sunday when the opportunity will be signified by conferring the major degrees on a class of some 30 candidates. The state council meets in Goldfield the following day and the delegates will be present at this session in Tonopah. The members will assemble at the K. of C. hall at 9 o'clock Sunday morning and march from there in a body to St. Patrick's church, where high mass will be celebrated at 10 o'clock. The first degree will be given by Tonopah Council at 1 o'clock and the second degree by Goldfield Council will follow immediately after. The third degree will then be exemplified by Leonard Fowler, past state deputy, and team. At conclusion of the degree work a banquet will be held in the big dining room upstairs for which 200 plates will be laid.

MANHATTAN DORIS STRIKES LEDGE—CREATES INTEREST

Considerable interest is being taken in the Doris due to striking a three-foot porphyry vein in the north crosscut. The vein material is highly mineralized and shows encouraging values. A drift has been started west to explore the ledge and should an ore shoot be struck it will probably go down to the seat of original enrichment. The recent strike in Mustang which is said to show evidence of primary enrichment has encouraged the Doris people to believe the main ore bodies of Manhattan will be found along the north porphyry belt. As most of the Doris stock is held by Tonopah and Manhattan people the interest taken in this new development is general locally.

GROWING TOURIST TRAVEL

Tourist travel has doubled over last year and the Tonopah Auto Club wants a full attendance of members at the meeting tomorrow night when road regulations and speed ordinances will be considered.

Friday, Chaplin, Bull Fight and China.

SAFETY FIRST CAR IS COMING TO TONOPAH

The Bureau of Mines rescue car will arrive in Tonopah May 27th and remain in Tonopah until June 2. The other dates are: Goldfield June 3 to June 5; Millers, June 10, one day only; Aurora, June 11 to June 16; Ely, June 18 to June 30. A change may be made in this itinerary, as Manhattan should get a portion of the training.

The purpose of the car's visit is to train men in methods of first aid to injured and to train miners in the use and care of mine rescue apparatus. All men who hold bureau of mine certificates should receive additional training; all men who have been trained in first aid or rescue work and who have not received bureau of mine certificates should be given an opportunity to visit the car and be examined for certificates.

"This is our opportunity to train more men," said George W. Riggs today, and I will visit the various mines for the purpose of getting men lined up for training upon arrival of the rescue car. The stay of the car is brief and Tonopah should get all the good out of the visit possible."

FUNERAL OF MRS. MERTEN HELD THIS AFTERNOON

The funeral of the late Mrs. Elizabeth Merten was held this afternoon from the residence of her son Rud
